

WB 2.11.0 - Design #35

Droplets overview on smaller screens

2017-03-14 08:02 - Frank

Status:	Done	Start date:	2017-03-14
Priority:	Normal	Due date:	2017-09-30
Assignee:	Dietmar	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:			
Browser:			

Description

If you make the browser smaller (width) the overview is some unlucky.
Important is the dropletname and the action icons. At the moment you can only have dropletname with desc OR desc with action icons.

I think the description should shrink if the browser is smaller. So that ever visible is names and action icons.

History

#1 - 2017-03-15 22:50 - Manuela

- Tracker changed from Error to Design

#2 - 2017-04-11 10:00 - Frank

Looks good now in Rev 95.

#3 - 2017-08-19 17:44 - Dietmar

- Due date set to 2017-03-31

- Status changed from New to In Progress

- Assignee set to Dietmar

- % Done changed from 0 to 90

#4 - 2017-09-13 19:18 - Dietmar

- Due date changed from 2017-03-31 to 2017-09-30

- % Done changed from 90 to 100

#5 - 2017-12-05 22:45 - Dietmar

- Status changed from In Progress to Feedback

#6 - 2018-01-06 10:50 - Dietmar

- Status changed from Feedback to Done
